EDUCATION | CERTIFICATIONS

Gannon University | Erie, PA — Expected Graduation - May 2029

Bachelor of Science (B.S.) in Cybersecurity | **GPA: 3.9** | Pi Kappa Alpha (ΠΚΑ)

Eastern Technical High School | Baltimore, MD — August 2021 – May 2025

IT Magnet Program (Cybersecurity/Networking)

CERTIFICATIONS: CompTIA **Security +** (04/2025), Cisco Certified Support Technician (CCST) **Cybersecurity** (05/2024), CCST **Networking** (05/2025), CCST **IT Support** (05/2025), Lenovo Qualified PC Service Technician (10/2024), HP Service Qualification (10/2024)

WORK EXPERIENCE

Baltimore City Office of Information Technology (BCIT) | Baltimore, MD — June 2026 – August 2026

Broadband and Digital Equity Technical Intern (*Internship*)

- Monitored **60+ FreeBmore Wi-Fi sites** throughout Baltimore City in **SolarWinds**, supporting a public wireless network serving **55,000+ community users** by validating device availability, standardizing credentials, and troubleshooting connectivity issues across infrastructure maintaining **99.99% device uptime**
- Improved asset management accuracy by reconciling **1,500+ network assets** in **AssetTiger** prior to a department-wide system migration; collaborated with network engineers to validate inventory data and resolve documentation inconsistencies
- Assisted with diagnostics and root cause analysis of **outdoor wireless access points (WAPs)** following storm-related outages by analyzing network connectivity, identifying likely cable and power failures, and supporting decisions for onsite remediation
- Collaborated with network engineers on wireless infrastructure reviews, field deployments, and technical documentation, working with **Cisco DNAC**, **Wireless LAN Controllers (WLCs)**, **VMware vSphere**, and enterprise public **Wi-Fi infrastructure**

Gannon University – ITS Department | Erie, PA — November 2025 – Present

Senior Student ITS Technician (*Part-Time)*

- Provide **Tier I–II technical support** to students, faculty, and staff through help desk tickets, phone, remote, and in-person interactions; diagnose and resolve hardware, software, account, and network issues
- Troubleshoot and maintain **Windows workstations and endpoints**, including imaging, reimaging, device configuration, hardware diagnostics, and peripheral installation
- Support **classroom technology** across campus, troubleshooting projectors, smart boards, A/V systems, podium PCs, and lecture hall equipment during urgent outages
- Assist with **workstation deployments, office moves, and technology installations**, including network connectivity verification, cable management, and device provisioning

Asurion | Baltimore, MD — May 2026 – September 2026

Field Technical Support Specialist (*Part-time*)

- Returned to Asurion based on prior performance, delivering in-home technical support for **smartphones, computers, networking equipment**, and **smart home devices** while maintaining high customer satisfaction across **150+ service visits**
- Diagnosed and resolved **hardware, software, Wi-Fi**, and **device integration issues** with a **98%+ first-visit resolution rate**, minimizing repeat appointments and improving customer experience
- Configured and optimized home networks, wireless devices, streaming services, and IoT products while providing end-user training tailored to each customer's environment
- Consistently ranked among the **top-performing Field Technicians in the Baltimore market**, recognized for technical expertise, customer satisfaction, and overall performance

Epiq | Remote, US — September 2025 – December 2025

Data Breach Support Specialist (*Contract*)

- Provide claimant support for **data breach and cybersecurity incidents** via multi-channel communications (phone, email, chat, and callbacks); assist with up to **100+ client contacts weekly**
- Address inquiries with empathy and precision; maintain **95%+ first-contact resolution** and ensure all communication is accurately documented in internal CRM systems
- Conduct research and escalate complex cases to investigation teams; contributed to **30%+ reduction in resolution time** through detailed, organized case handoffs

Technology Advancement Center (TAC) | Columbia, MD — September 2024 – May 2025

Cyber Operations Intern (*Internship*)

- Completed unique accelerated career-tailored program - Gained **senior leadership accolades**; developed hands-on experience/real-world skills in **cyber engineering** (**IT, AWS**), **cyber readiness** (**NIST, risk assessment/management**)
- Engineered full **AWS** deployment workflows - Mastered cloud environment provisioning by capturing physical device images and launching **EC2 instances**; configured **VPCs**, **subnets**, **route tables**, **security groups**, and **network ACLs** to ensure secure and scalable **VM operations** in cloud-native architectures
- Identified **55+ OT-based vulnerabilities** – Configured on-prem/cloud vulnerability assessment capabilities (**OpenVAS, Nessus Expert**); assessed **IT/OT** networks (w/**PLCs, HMIs**); successfully mitigated OT operational impacts from scans
- Deployed enterprise-class **wired/wireless routers, switches** (w/**VLANs, subnets, security**) for a complex mixed ops environment

Amergis Healthcare Staffing | Columbia, MD June 2025 – August 2025

Desktop Support Specialist (*Internship*)

- Imaged, deployed, and configured end-user devices across **70+ offices nationwide**, supporting **10,000+ employees**; supported ongoing hardware refreshes and in-office setups with minimal disruption to staff workflows
- Resolved technical support tickets using **ServiceNow**; managed assets and endpoints using **Microsoft Intune, Active Directory, and Absolute** to maintain a secure and compliant IT environment
- **Ensured compliance** with company **security policies** and endpoint standards during device provisioning, contributing to a secure enterprise environment

DALY Computers Inc. | Baltimore, MD May 2024 – November 2024

IT Operations & Device Support Lead Specialist (*Internship*)

- Oversaw processing of **80,000+ devices**; managed scanning, testing, cleaning, repairs, and shipping. Achieved a **99% accuracy rate** in tracking, repair records, and inventory organization
- **Managed 100+ interns**; optimized workflow efficiency and quality control across device handling operations
- Supported **IT infrastructure deployments** at Morgan State and Bowie State Universities, configuring networks and installing **500+ devices** across new academic facilities to ensure full operational readiness
- Led allocation and logistics for **50,000+ student devices** across Baltimore City schools; maintained real-time inventory updates in Excel, **reducing discrepancies by 15%** and **improving school IT readiness by 30%**
- Installed and configured **50+ laptops and desktops** weekly at client sites for schools and government offices, providing **on-site tech support,** including **imaging, domain integration,** and **issue resolution** to ensure seamless device deployment

Asurion | Baltimore, MD December 2024 – June 2025

Field Technical Support Specialist (*Part-time*)

- Provided in-home technical setup and support for **smartphones, tablets, laptops, and smart home devices**, contributing to a consistent **100% customer satisfaction** score across **300+ service visits**
- Diagnosed and resolved a wide range of tech issues, including **network connectivity problems, software bugs, and hardware malfunctions**. Achieved a **98% first-time resolution rate** while maintaining professional and effective communication with clients
- Recognized by leadership as the **most improved team member** after rising from the lowest sales rank to the **top-performing technician** in the **entire Baltimore market**, demonstrating exceptional growth, initiative, and dedication

HIGH SCHOOL WORK EXPERIENCE

Domino's | Baltimore, MD November 2024 – December 2024

Delivery Driver (Part-time)

- Handled phone and walk-in orders; accurately entered customer requests using POS and order management systems
- Resolved customer concerns promptly; maintained a high level of service quality in a fast-moving environment
- Supported store operations by preparing items, assisting drivers, and maintaining order accuracy
- Contributed to team efficiency by multitasking between customer service, preparation, and workflow support

McDonald's | Baltimore, MD November 2022 – September 2024

Crew Trainer (Part-time)

- Performed cross-functional duties including front register operations, drive-thru order processing and payment handling, McCafé preparation, fryer and grill station operation, and food assembly
- Trained and onboarded new employees on standard operating procedures, food safety, and customer service expectations; reinforced quality and productivity standards

- Supported shift leads by maintaining workflow efficiency, addressing customer concerns, and ensuring adherence to health and sanitation guidelines

Bowley's On the Bay | Middle River, MD May 2023 – August 2023

Busser (Part-time)

- Maintained a clean and organized dining environment by clearing tables, sanitizing surfaces, and supporting overall facility cleanliness
- Assisted servers and kitchen staff to ensure a smooth and positive guest dining experience during high-volume periods

AMC Theatres | Baltimore, MD November 2021 – November 2022

Crew Member (Part-time)

- Served in multiple guest service roles, including concessions, greeting, and theatre upkeep; prepared food items and supported high-volume concession operations
- Ensured a clean, safe, and welcoming environment by conducting theatre sweeps, managing line flow, and providing responsive assistance to customers

SKILLS

Cybersecurity: Essential Cybersecurity Principles, Vulnerability Assessment (Nessus, OpenVAS), Threat Detection & Monitoring, Incident Handling & Escalation, Risk Management & Mitigation, Access Control & Identity Management, Network & Data Security, Endpoint Security, Cloud Security (AWS Security Groups, VPCs, Subnets), NIST Cybersecurity Framework, Security Policies & Awareness, Disaster Recovery Planning, Security Compliance & Best Practices, Incident Response Foundations, Threat Intelligence Concepts, Networking Concepts (Subnetting, Device Configuration, Cable Making, Network Infrastructure)

IT & Technical Support: Help Desk Operations, Ticketing Systems (ServiceNow, InvGate), System Administration (User accounts, permissions, MFA support), Microsoft Intune, Endpoint Management, Active Directory (AD), Domain Integration, Network Configuration (routers, switches, VLAN basics), Workstation Deployment & Imaging, Troubleshooting (hardware, software, network), Classroom Technology Support (A/V systems, projectors, podium PCs), A/V Troubleshooting (HDMI, display scaling, audio routing), Hardware Diagnostics & Repair, Wi-Fi & Ethernet Troubleshooting, Office/Equipment Moves & Workstation Setup, Technical Documentation, Inventory & Asset Management, Remote Support Tools, Network Testing Tools (Ping, Traceroute, ipconfig/ifconfig, netstat), SolarWinds, AssetTiger, DNAC, WLC, Vsphere,

Soft Skills: Leadership, communication, teamwork, customer service, conflict resolution, adaptability, time management, problem-solving, critical thinking, attention to detail, professionalism, reliability, multitasking, organization, interpersonal skills, mentoring and training, empathy, patience, accountability, workflow coordination, fast-paced decision-making
